

# Bonfire Night Crafts

## You will need:

### For the rocket

- cardboard tube
- paper templates
- coloured pens
- orange tissue paper
- scissors
- Pritt stick
- lollipop/craft stick

### For the background (optional extension):

- cupcake liners in various colours
- scissors
- Pritt stick
- eco-friendly glitter
- A3 black card

## First, create your rocket:

1. Decorate the paper templates and cut them out.
2. Wrap the square template around the cardboard tube and glue into place.
3. Make a cone out of the circle and glue in place.
4. Glue the cone to the top of the tube.
5. Glue some tissue paper and the lollipop stick into the bottom of the tube.

## Now create your background:

1. Flatten the cupcake liners and cut from the edge to the inner circle all the way around to make a fringe effect.
2. Glue the cupcake liners to the black paper.
3. Add the eco-friendly glitter if you like
4. Glue your rocket onto the night sky.

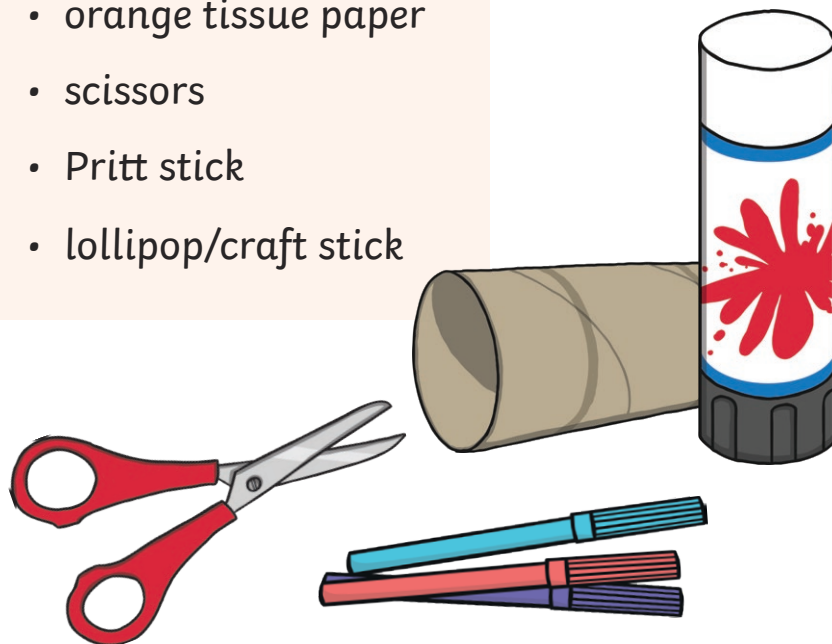

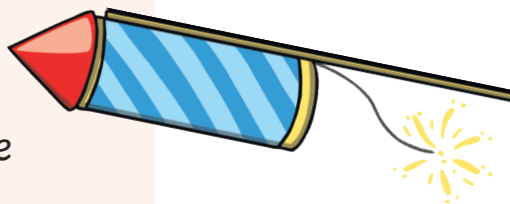

# Bonfire Night Crafts

## You will need:

### For the rocket

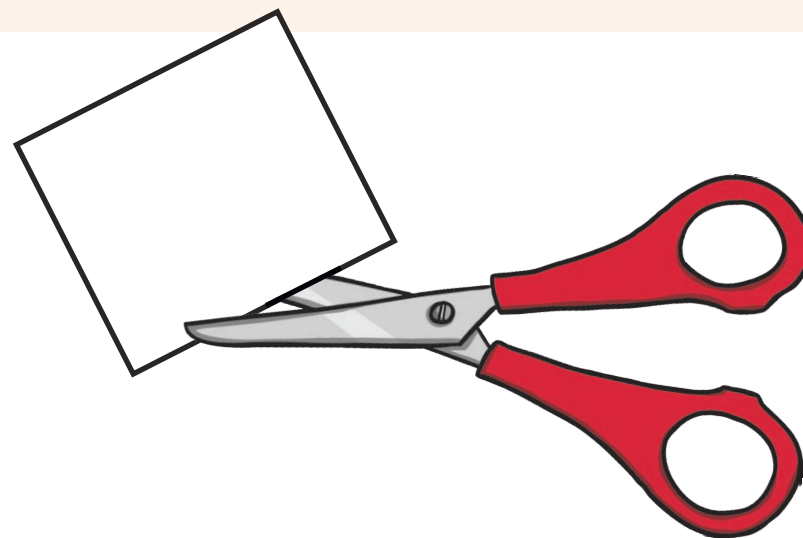

- cardboard tube
- paper templates
- coloured pens
- orange tissue paper
- scissors
- Pritt stick
- lollipop/craft stick

1

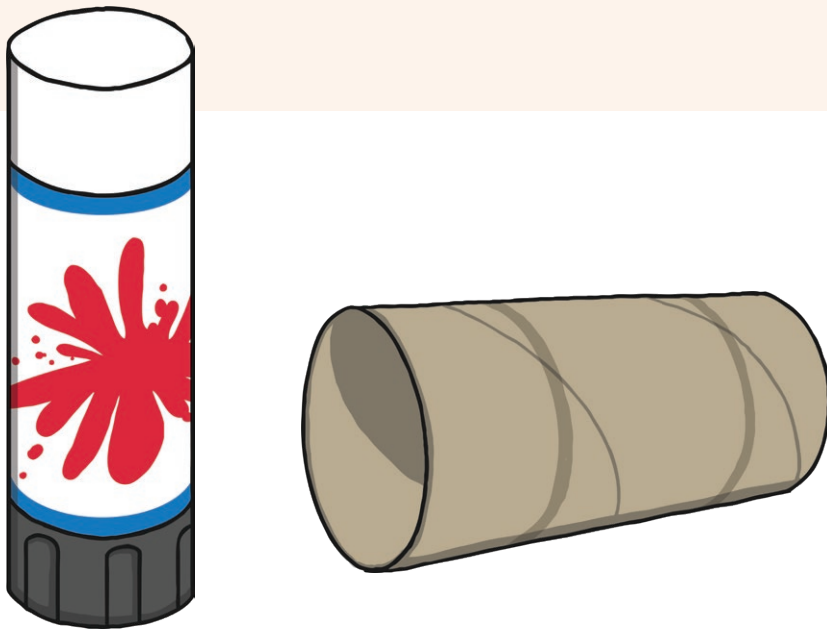

First, create your rocket:

Decorate the paper templates and cut them out.

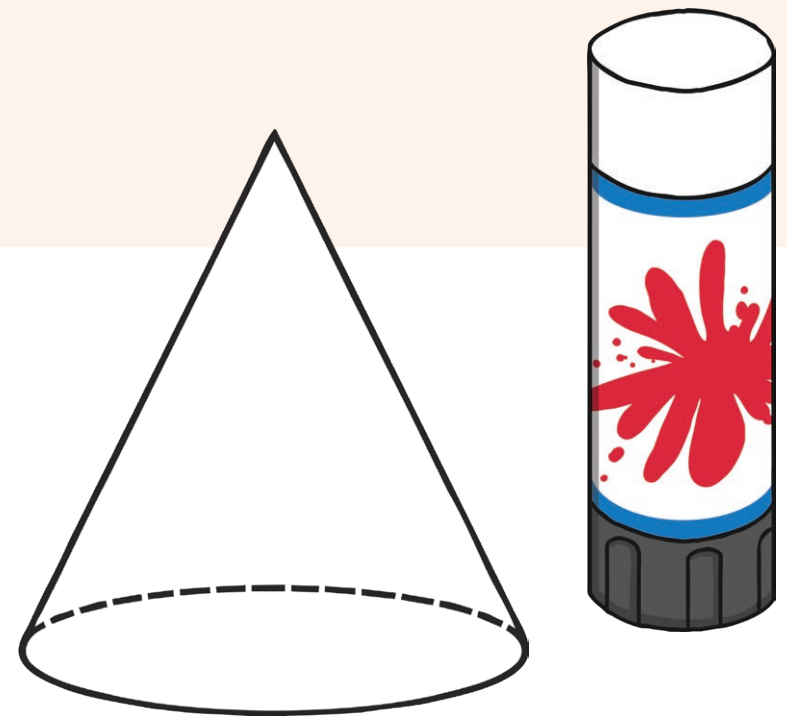

2

Wrap the square template around the cardboard tube and glue into place.

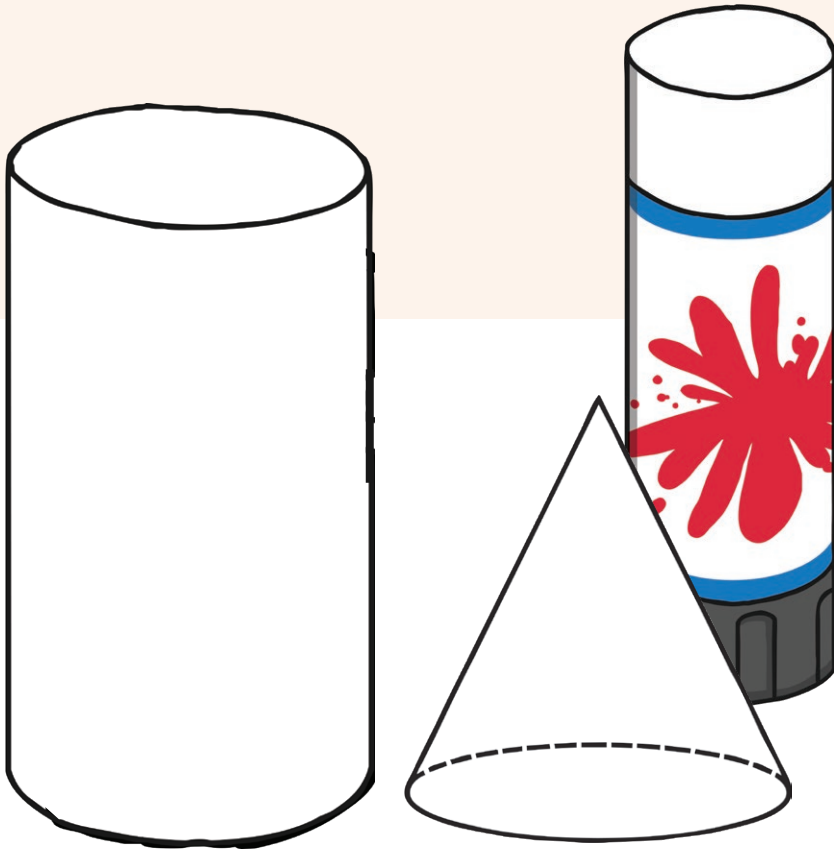

3

Make a cone out of the circle and glue in place.

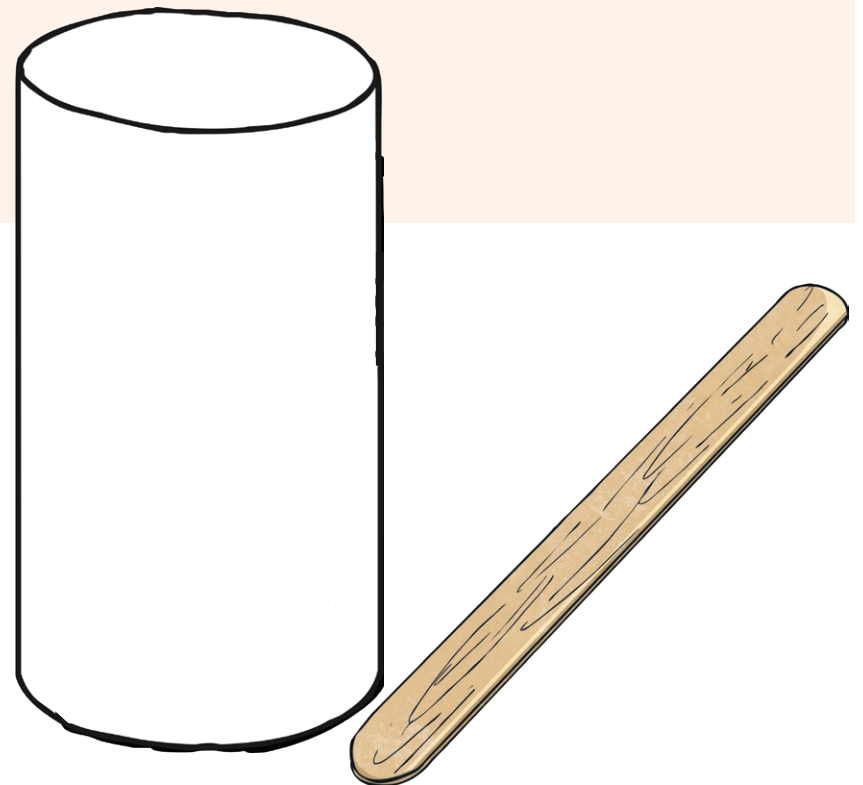

4

Glue the cone to the top of the tube.

5

Glue some tissue paper and the lollipop stick into the bottom of the tube.

6

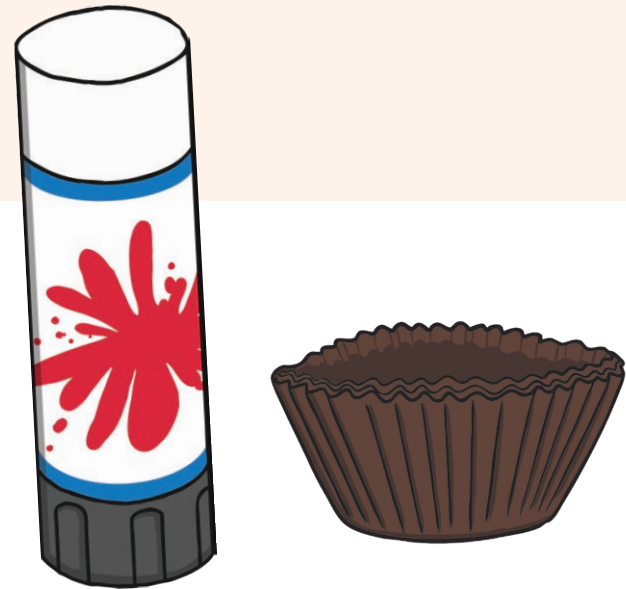

Now create your background:

Flatten the cupcake liners and cut from the edge to the inner circle all the way around to make a fringe effect.

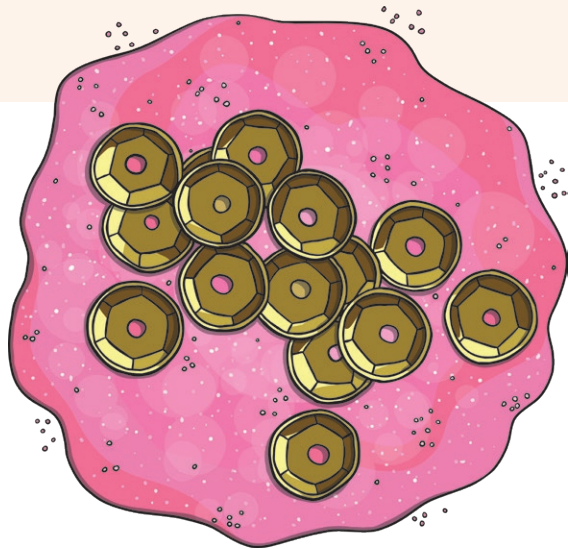

7

Glue the cupcake liners to the black paper.

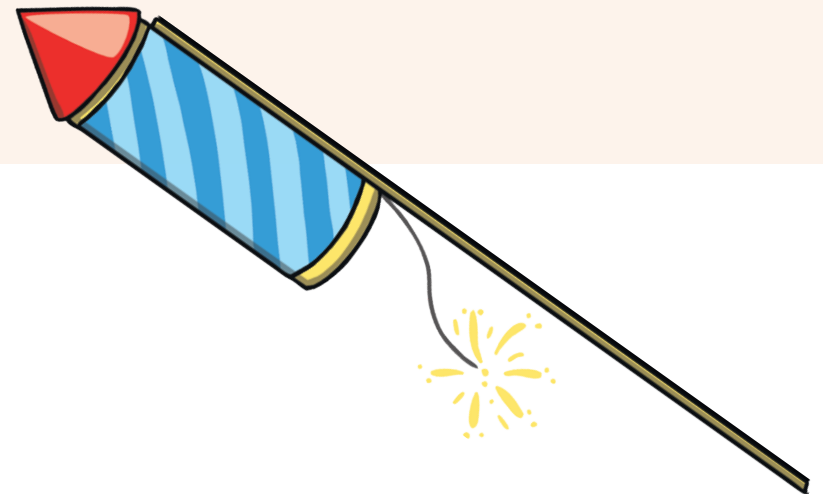

8

Add the eco-friendly glitter if you like.

9

Glue your rocket onto the night sky.
